

Victorian Children's Tool for Observation and Response (ViCTOR)

Health Information Details

Barcode:

All ViCTOR charts utilise barcode 128 (AS2828) format and sized at 40mm x 10mm and placed at the top left corner of each chart. This barcode is in line with other Statewide charts which also adopt the Barcode 128 style.

The diagram illustrates the layout of a ViCTOR chart. On the left is a barcode with the text 'V B S P N 0 1 0' printed vertically next to it. To the right of the barcode is the title 'Victorian Children's Tool for Observation and Response'. Further right is a pink box labeled 'Birth/PN'. To the right of this box are fields for 'UR NUMBER', 'SURNAME', 'GIVEN NAME(S)', and 'DATE OF BIRTH'. Below these fields is a line for 'Hospital' and a label 'AFFIX PATIENT LABEL HERE' with an upward arrow. To the right of the entire form is a vertical pink bar with diagonal lines. Below the form is a table titled 'Birth Details'.

Birth Details		
Date of birth: / /	Time of birth:	Type of birth:
Birth weight:	Gestation:	Sex:
